This is a very interesting read. I bought many copies to give to my family members.

Warnings straight from the Almighty God and Savior Jesus Christ. A rude awakening to mankind. Do yourself the biggest favor of your earthly life and read this book. Also read your Bible. If you don't have one, get one. Get to know the Lord. Truly an eye-opener and highly recommend to every person in the world. I am also currently reading Marriage Supper of the Lamb. Wake up. Be ready. You do NOT want to be left behind. Thank you, Lord, and Susan for these important words. Praise You, Jesus.

If you understand and can "hear" God's Voice, you will not want to miss this book dictated to Susan from Him in the last year. With eyes of Faith you can understand God's love for each of His children and especially His Bride. The time has arrived for the "wedding" to His Son. This book tells us exactly what is required to be His Bride. Let there be no doubt, Christ is coming for His Bride soon. Don't be left behind.....

This is another fantastic prophecy given to Susan Davis from our Lord Jesus Christ, and it is all backed up with scripture. It is so true he wants all of you. Give yourself to him completely, he is more than worth it.
