Where is the Promise of His Coming? Part Two

The Bible says people will say, "Where is the promise of His coming?" But the reality is that the Bible was completely accurate and not just the secular world but also the vast majority of the Christian community is asking this question--despite all the many signs that point to the LORD's soon-coming. Join us as we talk about the disparity between the Bible and a doubting world. 2 Peter 3:3-4: Most importantly, you must understand that in the last days scoffers will come, scoffing and following their own evil desires. 4 "Where is the promise of His coming?" they will ask. "Ever since our fathers fell asleep, everything continues as it has from the beginning of creation."
